

Tillamook County Community Advisory Council

Wednesday, September 8, 2021 3:00 -5:00pm

AGENDA ITEMS:

Meeting called to order at 3:01pm by Chair. We didn't have a quorum until later in the meeting to approve minutes and agenda. Did quick introductions via chat and introduced our new Tillamook based staff, Melani Gregory, who works with elder adult behavioral health.

CWIF update: Nancy presented the CWIF proposal by Early Learning Hub to the group. Since there was not yet a quorum, we will email the info to the group for an email vote (sent 9/8).

Equity Learning Theme: Health Data: Heather presented more info in Mural on health equity. We reviewed the work we have done in previous months and discussed themes.

Behavioral Health: Tom Bialozor presented information on what the CCO is doing to address behavioral health. We discussed barriers to accessing behavioral health, and intervention strategies.

IA Update: COVID cases in Oregon are expected to peak this week. Today is the deadline for healthcare and K-12 educators to declare if they plan to follow the vaccine mandate or leave their jobs. October 18th is the deadline for these staff to be fully vaccinated.

Community Check-in: The group used this time to further discuss community concerns about vaccination and case rates in Tillamook County.

Meeting ended at 5:02pm. **Next meeting is October 13, 2021 from 3-5pm.**
