

Clatsop County Community Advisory Council Minutes

Tuesday, November 3, 2020, 5:00-6:30 pm

Meeting was called to order at 5:03. Approved minutes and agenda; did introductions.

Health Equity Plan overview: We discussed our SOAR Aspiration Statement, and health equity as defined by the state's Health Equity Committee. Discussed drop in child abuse reports and COVID impact on families, particularly in the special needs community. CCO has funded backpack programs county-wide. Are some utility companies doing shut-offs? This was a very rich discussion and we did not have time for the RHIP Dashboard review.

OHA requires all CCOs to hire a Tribal Liaison. Our new Tribal Liaison, Troy Montserrat-Gonzales, will attend a CAC meeting and discuss her work.

IA Update: Joell shared current COVID data for the region; hospital capacity is a concern. In addition, there is concern about the "twin-demic" of influenza and COVID. On November 6, Governor Brown announced a statewide pause. We discussed school reopening guidelines and distance learning. OHP enrollment is up 12.58% since March.

New Business/Announcements: We voted in a new CAC member, pending approval of the CPCCO's nominating committee. DDA has a new veteran's program, starting November 1.

Meeting adjourned at 6:30pm.

Next Meeting: **Tuesday, December 1st, 2020, 5-6:30pm**
