Embedding a care coordinator in Clatsop county jail to support transitions of care

Funding expansion of CBH's MAT program in the Clatsop County Jail

Clatsop County Rural Health Coalition focusing on SUD

Harm Reduction programs in all three counties

Referral process between Clatsop Emergency Departments and CODA OTP

MOUD initiation in EDs

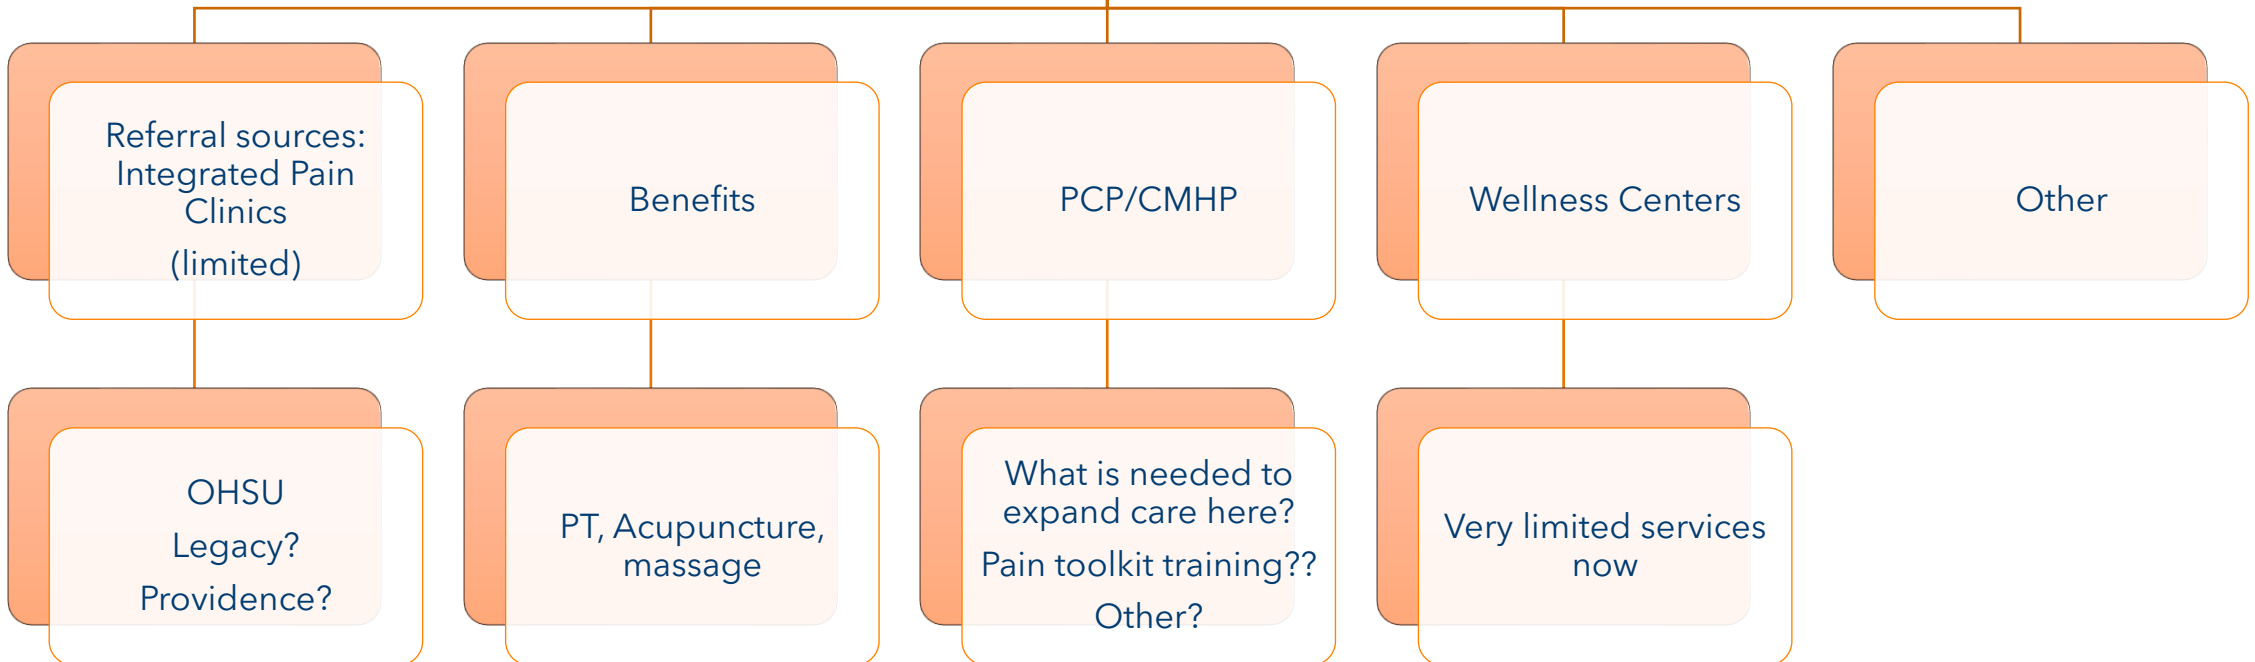

# Where are we now??

# Persistent Pain Prevention and Management

# Where are we now??

Understand what the current needs are....

What can we impact?

- Current state resource availability awareness??
- Pain toolkit training in primary care??
- Collaborate to bring back behavior based pain clinics??
- Other supports??
- SUD dx and treatment supports??

Goal:

Patients/members/communities living with chronic pain, who can function, meet their goals, and live a quality life.

Clinicians who feel supporting in caring for this population

# Accessing Primary Care Capacity + Supporting Clinical

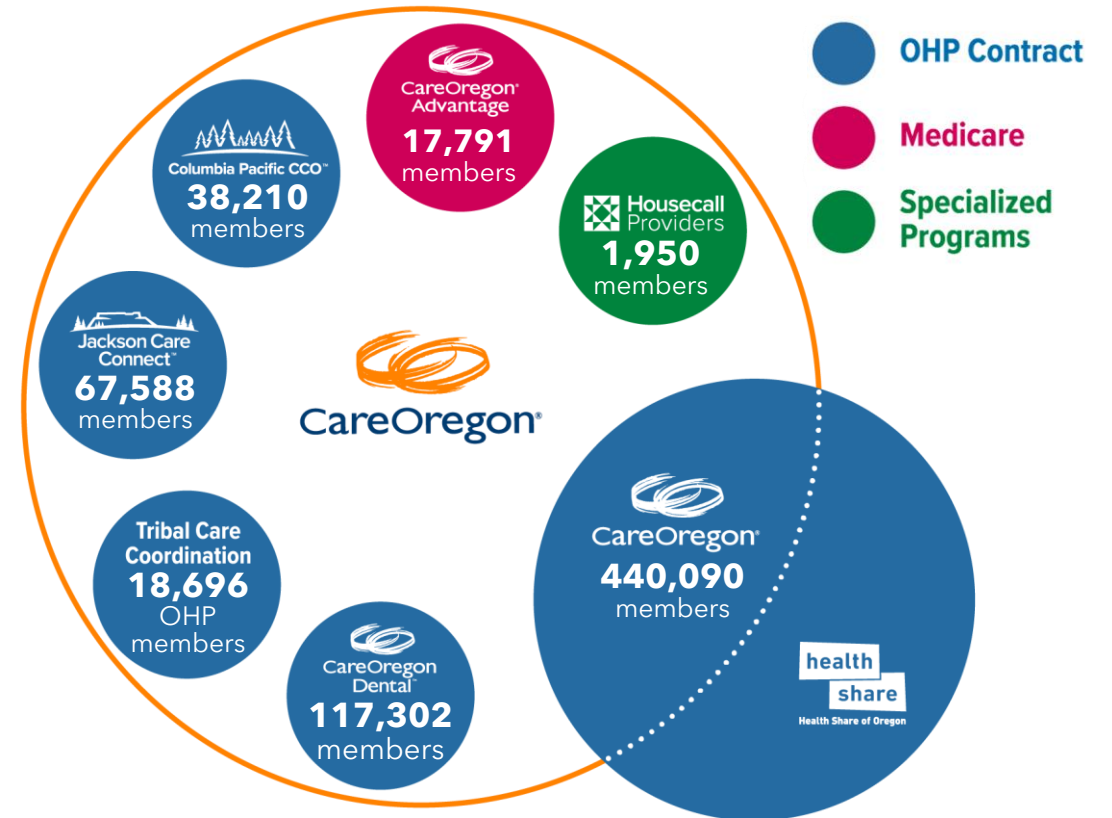

- What gets in the way of delivering pain management & SUD care
- What resources do you know about?
- What support do you need?

# The CareOregon Family

CareOregon is a mission-driven, community based nonprofit organization. For 30 years, CareOregon has offered health services and community benefit programs to Oregon Health Plan members.

Today, we support the needs of over 500,000 Oregonians through three coordinated care organizations, a Medicare Advantage plan, a Tribal Care Coordination program, a dental care organization, and in-home medical care, palliative care and hospice with Housecall Providers.

CareOregon members have access to integrated medical, dental and mental health care and substance use treatment. We also connect members to housing, fresh food, education and transportation services.

\*\*\* Membership numbers updated as of October 1, 2024

# About Columbia Pacific CCO

Columbia Pacific CCO is proud to serve all Oregon Health Plan members living in Clatsop, Columbia and Tillamook counties. As a nonprofit coordinated care organization (CCO), we provide physical, dental and mental health care through a growing network of healthcare providers. Our priorities are guided by our local board of directors, community advisory councils and clinical advisory panel, and are informed by extensive community engagement. Columbia Pacific is committed to promoting the health of all those in our region. We especially focus on increasing access to language services, offering treatment for those experiencing substance use disorders, and fostering connections that promote social health. Columbia Pacific, part of the CareOregon family of companies, has offices in Seaside.
