

# 2024 NW Rides

## NEMT Program Evaluation Findings Trend Report

CareOregon, in partnership with NW Rides, evaluated the Non-Emergency Medical Transportation (NEMT) program. The NEMT program provides transportation services for Columbia Pacific CCO Medicaid members.

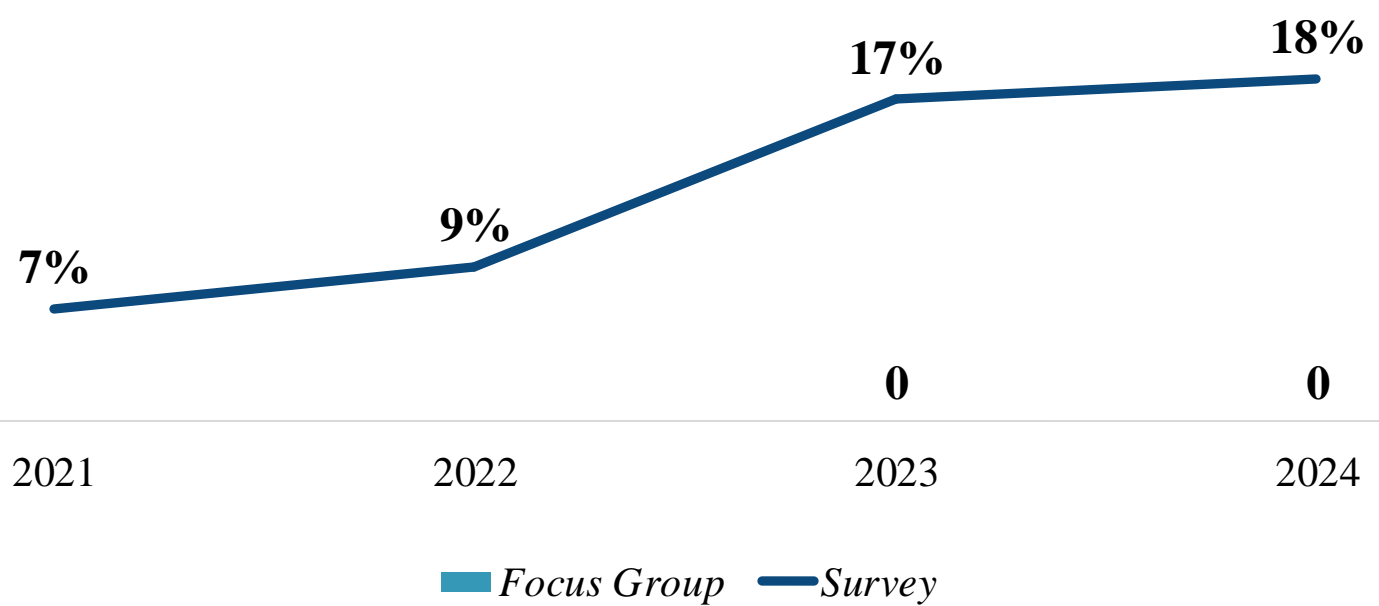

The evaluation and survey included the following stakeholders: members, NEMT drivers, and NEMT providers. NEMT providers contract, hire and manage NEMT drivers. Stakeholders incorporated members who utilized the NEMT services, drivers who were active at the time of the survey, and providers that were under contract at the time of the survey. Focus groups were also offered to all stakeholders. Focus groups were offered to drivers and providers starting in 2022 and to members starting in 2023.

This report is looking at trends from 2021, 2022, 2023, and 2024. Some questions had data from 2021, but not all, as the survey questions became more consistent in 2022 and more recent years.
