

Summary of Minutes April 2017
Columbia County Community Advisory Council

The meeting was opened at 3:15pm and everyone was welcomed. Due to the Community Health Priorities Annual Update presentation, the regular meeting and agenda was suspended until May.

Maranda Varsik, Primary Care Innovation Specialist briefly discussed adolescent healthcare, behaviors, and development. She discussed how the CCO had introduced SWAG (Student Wellness Activities and Games) night last year in an effort to reach adolescents for their yearly wellness visits/checkups. The event last year included music, games, prizes, food, and swag bags and a yearly/annual wellness check-up, and have a sports physical form signed if needed. The 2017 events were being scheduled and the CCO was interested in gathering ideas, community support, and assistance, which lead to a great conversation by CAC members and guests.

Monthly Presentation:

- **Community Health Priorities Annual Update for Columbia County** – Ari Wagner, GOBHI – Ari Wagner presented an update on the county health data. A copy of her presentation will be available to the CAC and community.

The meeting ended at approximately 4:50pm.

Next Meeting: May 1, 3:30 – 5pm

Location: Sunset Park Community Church.
